GRANDSTAND K, MONACO GRAND PRIX

Race Viewing – This is one of the Circuit’s most popular grandstands and encloses an electric atmosphere. Enjoy the action and scenery with the luxurious yachts and blue Mediterranean in the background. Fans here will enjoy a view of the inner port section with clear sights of the section between the Tabac corner and the first Piscine chicane. Distant but good sights of the cars rushing out of the tunnel and heading towards the first chicane are to be added. If you have a seat high up in the grandstand sometimes you can see the pit lane behind you.

Location – Grandstand K lies on the inner part of Port Hercule. This massive Grandstand stretches from the Tabac corner to the Piscine chicane section of the circuit. You can see where Grandstand K is situated on the track on the map below!
